C. F. Jarrett, Vice-Prest.

GREAT REVIVAL CONTINUES.

Additions to the Church Now Number About Fifty.

CROWDS GROW LARGER.

Dr. Jenkins Is Preaching Series of Most Powerful and Convincing Sermons.

The revival at the Baptist church will continue all this week with services at 10 o'clock in the morning and at 7 at night.

The crowds are still so large that they fill both rooms of the church and up to Sunday night the additions to the church numbered 46.

No such revival has ever been held in the church for many years. The membership is greatly pleased with the new pastor, Dr. Jenkins, and the church is thoroughly united and greatly strengthened in every way.

The singing is one of the most interesting features of the meeting. Mr. Holden, the leader, is now being assisted by his wife, who arrived from Chicago Saturday night and is presiding at one of the pianos, while Mrs. J. H. Anderson presides at the other.

There will be a meeting next Sunday afternoon at 3 o'clock, when Dr. Jenkins will preach exclusively to men.

Nothing has been said about closing the meeting and Dr. Jenkins says he intends to leave that entirely with the Lord.

PRINCETON MARAUDERS Believed to Have Had Spies Here Yesterday.

A number of strange men, not in the habit of visiting Hopkinsville were here yesterday and some of them were almost gleeful over the Princeton outrage and there is strong reason to believe that they were members of the mob. The police shadowed them and obtained their names. It is not believed that these spies got any encouragement here. Public sentiment is unanimously against such lawlessness in this city.

Mayor Meacham and Sheriff Smith believe that they are amply able, with the assistance of Co. D., which will be available in case of riot, to cope with any mob that may threaten the city. It is hardly possible that the Princeton episode could be repeated here.

GRAND LARCENY

Charge Against Ernest Pinner, col., Arrested Here.

Ernest Pinner, col., was arrested here Friday night on a charge of grand larceny. Pinner is alleged to have stolen a suit of clothes and a revolver from the room of Dr. C. L. Cook, in Louisville. The stolen goods were recovered at a pawnshop in Louisville and the negro was arrested on information furnished by the police of that city. Pinner's parents live here, and officers made a search of the house, but failed to locate the man wanted in the building. Finally the lid on an ice box was raised and Pinner was found inside. The negro was taken to the lockup, where he remained until Sunday, when detective Albert Walker, of Louisville, took him back to that city for trial.

KICKED BY HORSE.

Marcellus McCoolpin, of Laytonville, was kicked in the side by a horse Saturday, and the injury may result fatally. It is thought that the lower part of his liver was injured. He was suffering greatly at last accounts.

MOB OF NIGHT RIDERS

Starts Reign of Terror--Two Hundred Incendiaries Capture Princeton and Destroy Tobacco Houses.

Police Station Seized--Post Office Fired Into--More Than 2,000 Shots Fired--Orr and Stegar Factories Dynamited and Burned.

Princeton, Ky., Dec. 1.—For over an hour night Princeton was in the hands of a band of men, who destroyed the tobacco stemmery of J. A. Stegar and John C. Orr, in addition to several other buildings, causing a loss of between \$75,000 and \$100,000. The stemmeries which were destroyed were closely identified with the Tobacco Trust, the Stegar factory being practically controlled by the Gallaher Limited and the Orr stemmery by the Imperial. The property loss is as follows: The Stegar tobacco stemmery building and fixtures, \$15,000; insurance, \$9,000.

160,000 pounds of tobacco, insured.

J. G. Orr, tobacco stemmery, building and fixtures, \$20,000; partly insured.

250,000 pounds of tobacco.

F. G. Wood, residence, \$1,100; insurance office and fixtures, \$1,000; insurance, \$500.

Clay Coon, residence, \$1,000.

F. G. Wood, residence, \$1,000; insurance, \$700.

Own the Town.

The night riders took possession of the water works, the telephone service, the telegraph offices and even the court house in order to prevent anybody from tolling the bell, and disarmed all policemen and kept the firemen within their headquarters. Over two thousand shots were fired, and the daring citizen who stuck his head out of the window quickly withdrew it to the accompaniment of a whizz of bullets, and a positive order to get back.

Slipped in Early.

Some of the night raiders began to slip into town early in the evening and posted themselves at different points, where they were prepared to act as guards. The main body of the men, however, did not make their appearance until about 12:30, when from every road and by-path they rode, walked or drove into Princeton. There was no attempt at concealment, for as the riders rushed through the streets they fired their pistols in the air, and for a time there was a reign of terror.

First they went to the police headquarters and succeeded in disarming the policemen. Then a portion of the crowd proceeded to the telephone exchange, where two girls were on duty. These were ordered to leave their desks and, upon their compliance, they sent them home under guard. One of the young ladies was Miss Annie Roche, of Hopkinsville. Though the girls were naturally much frightened, they were treated in as polite a manner as could be expected under the circumstances, and guards simply took them to their homes and left them there.

In the meantime a body of men had taken charge of the telegraph office, while still another crowd was in full control of the waterworks.

Work of Destruction.

Then the work of destruction was begun. First, the Orr factory was visited. In this there was 250,000 pounds of tobacco and the building itself was worth about \$20,000. The torch was at once applied, and, aided by the work of dynamite, the building was soon a mass of ruins.

The next place visited was the Gallaher stemmery, which contained about 200,000 pounds of tobacco, the structure being valued at \$15,000. This shared the fate of the Orr building, and, in order to make the work of destruction more certain, oil was poured on the sides of the building. Then, without further to do, the

riders scattered as they had come, by every road and by-path, and in a few minutes only the light of the flames from the blazing buildings remained to tell of their presence.

Meanwhile the firemen, who had been powerless to act owing to the fact that the raiders had control of the waterworks, rushed to the scene as soon as the incendiaries left and after a stubborn fight succeeded in subduing the flames, not, however, before several other buildings had been destroyed.

It was impossible to discover the identity of any of the men in the raiding party, as their masks completely concealed their features, but it is supposed that they were inspired to take up the work of destruction as the result of the war which has been waged in this section of the State for some time between the growers and the tobacco trust.

The people of Princeton and the surrounding country are indignant over the outrage, and the officials here declare that every effort will be made to run the perpetrators of the crime to earth.

This is the third time within the past few months that factories have been destroyed by 'night raiders,' two having been blown up recently, one at Fredonia and the other at Eddyville.

Went Toward Cadiz.

The mob left Princeton before 2 o'clock and proceeded toward Eddyville. When within about four miles of Eddyville they turned off the Cadiz road and proceeded in the direction of that place. No report of any further depredations has been received, and the officers think they disbanded before going far.

Some of the tobacco men today say that the work last night was not that of any members of the Growers' Association. They hint that the fires were started by enemies of the association.

Change of Firm.

V. M. Williamson has bought Jno. M. Renshaw's livery stable and also has bought Mr. Renshaw's interest in the transfer business of Renshaw & Armstrong. His business will be continued by Williamson & Armstrong.

NEW TIME CARD.

Only Two Trains On This Division Affected.

The L. & N. has issued a new time card for this division which went into effect Sunday. The change affects but two of the regular trains. No. 92, the C. & St. L. Limited, now passes here (North bound) at 6:04 a. m., instead of 5:45 a. m. No. 52, (North bound) the St. Louis express, which formerly arrived here at 10:08 a. m., now passes at 10:11 a. m. The changes are minor ones, but were necessary on account of connections.

ANKLE INJURED

While Switching Cars in Yards Here.

Herbert Hurt, while switching cars in the L. & N. yards here yesterday, fell from the top of a box car and sustained a bad sprain of one of his ankles. He was taken to the sanitarium where Dr. Blakey rendered the necessary surgical aid. Mr. Hurt was then removed to his home. The injury is a very painful one and will likely lay him up for some time.

Movements in Real Estate.

Mr. W. C. Cook has bought of Mrs. Graves a cottage on South Virginia, near the corner of 17th street. The price paid was \$2,750. Mr. Cook and his family will move in from the country.

Mr. Monroe Dalton has sold his cottage on East Seventh street to Mr. Beazley of Lafayette, for about \$3,500.

Mr. Gabe Payne has sold his handsome new cottage on East Seventh street to Mr. Hugh R. Phelps.

Col. Biscoe Hindman, of Louisville, has been sued for divorce by his wife, Mrs. Canada Hindman.

DIAMONDS FOR CHRISTMAS!

However true the statement that the purchase of diamonds is an investment, it is old and hackneyed.

We do not offer this as an inducement to buy our diamonds.

We offer something vastly more important, a sort of diamond insurance.

We offer an unequalled knowledge of our business, backed by years of study and experience, special buying facilities, and a sterling reputation for honesty and good taste. Come and see our Christmas display of fine Diamonds, Watches, Jewelry, etc., never larger and better.

Our Pattern Department

SMART SAILOR SUIT.

Pattern Nos. 5594 and 5373.—Noth-
ing has displaced the jaunty little
sailor suit from popular favor, and
a practical design is here portrayed
in dark blue flannel, with em-
broided emblem done in red silk on the
shield. The blouse is made to slip
on over the head, the fullness in the
lower part being adjusted by an elastic
inserted in a casing. The knicker-
bockers are well shaped by the
usual outside and inside leg seams
and three pockets are provided, one
on each side and one in the back.
Serge, chevot, tweed, linen, duck and
plique are all serviceable materials for
the making. The medium size will re-
quire one and one-eighth yards of
54-inch material for the blouse and
three-quarters of a yard for the trousers.
Boys' Sailor Blouse No. 5634:
Sizes for 3, 4, 5, 6, 7 and 8 years.
Boys' Knickerbockers No. 5373:
Sizes for 3, 4, 5, 6, 7, 8, 9, 10, 11 and
12 years. The above illustration calls
for two separate patterns. The price is
ten cents for the blouse and ten
cents for the knickerbockers.
This pattern will be sent to you on
receipt of 10 cents. Address all orders
to the Pattern Department of this paper.
Be sure to give size and number of pat-
terns wanted. For convenience, write
your order on the following coupon:

No. 5604 and 5373.

STYLISH SKIRT.

Pattern No. 5692.—The pleated
skirt is an acknowledged favorite of
the season, and an especially attractive
design is here illustrated in dark
blue prunella cloth. The mode is con-
sistent of nice pores, and admits of
being made in round, short round or
lattice length. A fancifully shaped
yoke is a stylish addition, but may
be omitted if desired. Broadcloth,
mohair, cashmere and tweed will all
be suitable for reproduction. For 26-
inch waist measure six and one-half
yards of 56-inch material will be re-
quired. Ladies' Pleated Skirt, with or
without yoke, No. 5692. Sizes for 20,
22, 24, 26, 28 and 30 inches waist
measure.

This pattern will be sent to you on
receipt of 10 cents. Address all orders
to the Pattern Department of this paper.
Be sure to give size and number of pat-
tern wanted. For convenience, write
your order on the following coupon:

Files on Ocean Steamers.
Among the things that furnish oc-
cupation for the eyes and minds of
transatlantic voyagers are the house-
files which accompany the great
steamships from one side of the ocean
to the other. In fine weather the files
buzz cheerfully about the sheltered
places on the decks, and when the
wind blows high they take refuge in
the cabins and saloons. The files
often remain with the ship while in
port and return with her on the next
trip, thus crossing the ocean several
times in succession, and perhaps
spending the entire season at sea.

You never had a better chance to
make a cheap trip to Texas than now

Round-trip Homeseekers' tickets from St. Louis, Cairo or Mem-
phis, via the Cotton Belt to most any point in Texas for \$20.00.

One-way Colonists' Tickets, One-half fare plus \$2.00.

To Southeast Missouri, Arkansas and Louisiana great reductions
have also been made.

You can buy these tickets on the first or third Tuesday of each
month for a short time. Homeseekers' excursion tickets good 30 days
for return with stop-over privileges in both directions.

A Chance to See the Southwest at Little
Cost.

If you are looking for a new location in a growing country where
land is cheap and fertile, where the climate is mild and healthful,
where you can pay for a big farm in a year or two and live comfort-
able while you are doing it, you should investigate the country along
the Cotton Belt Route.

Tell us where you want to go and we will plan the trip for you,
tell you cost of a ticket from your home town, and save you unne-
cessary expense looking around.

You will want to know something about the country before you start. Let me send you
the handsome, illustrated books we have for free distribution. They will interest you.

SYRUP OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. To get its beneficial effects—buy the genuine—manufactured by the

CALIFORNIA FIG SYRUP CO.
Louisville, Ky. San Francisco, Cal. New York, N.Y.

For sale by all leading Druggists, in original packages only, bearing the full name of the Company.

MUNICIPAL OWNERSHIP.

All Right in Theory, but Breaks Down in Practice.

Theoretically there is so much in municipal ownership of public utilities that the practical carrying out of its attractive features appears simple and of no serious moment, and for a municipality to take over and run water, lights, sewerage and even transportation appeals to taxpayers, and the trade is made for the better assurance that the conduct of these properties will be along practical and business lines.

It is the failure to assure the practical that works the evil, for municipal ownership is a general ownership, and a general ownership results too easily in its being no special business of any citizen or taxpayer to look into or inquire after the conduct of the properties under control. This leaves the management to a few, who soon find that they have only themselves to account to, that people are too busy to demand accountings and taxpayers accept any kind of report, just so there is the appearance of all being right and light, water, sewerage, etc., are given.

It is this indifference and neglect on the part of taxpayers to take note of municipal affairs which make municipal ownership of public utilities a hazardous and expensive matter. The theory of municipal ownership, with its great saving to each taxpayer, the extra service given and the great profits resulting, can all be placed in figures beforehand, but it is a failure unless the taxpayers shall give earnest and serious heed to the conduct of these public utilities, for even this is lost if they will wake up some day with broken down properties and a big bond issue to make good—Newbern Weekly Journal.

THE GREAT TRANSITION.

Public Property Wasted Because "It Costs Nothing, You Know."

"Hello!" said I. "What's that?" And I stopped to pick it up.

"That?" replied the boy who happened to be passing through the school yard with me. "That is nothing but a lead pencil."

"But it is a whole one," said I, "and with a rubber on the end."

"I know it," said the boy.

"What! Do you mean to tell me that you have seen this here before?"

"Yes, everybody's seen it."

"All the children in your school have seen this lying here day after day and not one boy has picked it up?"

"Of course. What should we pick it up for? There's plenty in the school-house. The town buys 'em."

And I had been given a text for a long meditation. Not pick up a whole new lead pencil? And a pencil with a rubber on it!

When I was a boy we prized even slate pencils. A boy who hooked anybody's slate pencil was baited until he gave it up, but a lead pencil—we fought for lead pencils as the Greeks and Trojans fought for Helen. We scoured the countryside for old horseshoes to sell to the blacksmith for money enough to buy a lead pencil, and having it, we cut our private mark on it, guard it, kept it as our last resource in trade. Many a time a precious two inch lead pencil has turned an important jack-knife trade one way or the other, never had but one lead pencil at a time and very often hardly that until I was fifteen years old. And these ten-year-olds scorn to pick up a whole one with a rubber! Think of it! The best eraser I had was a piece of rubber boot heel—Henry T. Bailey in Journal of Education.

A DAY OF RECKONING.

You Cannot Fool All of the People All of the Time.

The recent condemnation as unfit for further service of a number of gas and electric light plants and the closing down of some of them at a dead loss to the taxpayers should serve as a warning to other cities, for this is the fate that is likely to overtake all such plants in the long run. For the first year or two, when no expensive repairs are needed and the plant is thoroughly up to date, it ought not to be difficult to make a good showing. For a few years longer the bad bookkeeping and inadequate reports, that are unfortunately the rule rather than the exception, may blind the citizens to the deterioration of the plant and to its increasing losses. But the day of reckoning inevitably comes when breakdown, bad service or demand for new equipment that cannot masquerade as "extensions" comes an investigation, and then it becomes evident that the plant has been a losing proposition almost from the start. No plant should be accepted as evidence of successful municipal management until it has been operated for several years and then examined by expert engineers and accountants.

Carelessness, Not Graft.

At a local government board inquiry held at West Ham, London, to sanction the borrowing of the corporation of £22,300 for electricity extensions it was stated that the electrical undertaking up to the present had resulted in a loss of £7,200, which had been charged to the rates. The inspector pointed out that loans of some thousands of pounds had been sanctioned by the board for purchasing various machines, and he found the council again asking for money to buy machinery for which they had already received the cash—Morning Post.

The movement for municipal ownership in this country is a hunt by the demagogue for a new issue to catch votes.—Melvin O. Adams.

We Will Pay all the Bills!

If You Will Be Our Guest at the Jamestown Exposition.

This is Only the First Part of the Story.

READ THE REST!

The Jamestown Exposition

which is to be held near Norfolk, Va., in 1907, will be absolutely unique and will represent; together with the United States and foreign naval display in conjunction with it, more than \$300,000,000.00. A visit to this great international exposition will be a liberal education. It will open April 26th, 1907, and close November 30.

Read Carefully Our Plan!

THE KENTUCKIAN will send to the Jamestown Exposition the four most popular young women in Christian County. The Kentuckian will pay every cent of expense, including railroad fare; Pullman fare; meals on train; hotel bills; street car fare; admission to grounds and amusement concessions; side trips to points in the vicinity of the Exposition grounds.

The contest is open to any young lady making her home in Christian county. For each year's subscription to the Kentuckian at \$2.00 the subscriber will be entitled to cast 40 votes.

Our contest begins Nov. 15th and will continue for 6 months; to May 15.

In order that all subscribers to the Kentuckian may have an interest in this contest, all subscribers on our books at the time of this announcement will be entitled to 20 votes each, which 20 votes may be placed to the credit of any one candidate—provided they are cast before January 1, 1907.

YOU choose the candidate—WE don't. The minute a vote is cast for a young woman she becomes a candidate and her name is placed upon the published list, together with the total vote cast for her up to the time the list is published.

When a subscription is received at this office the subscriber is first credited with the amount of his subscription and the number of votes his subscription represents is credited to the candidate named by him and entered in a special record book kept for the purpose. The vote will be COUNTERED EVERY FRIDAY at noon and each candidate will be credited with her new vote and her total vote to date and the result will be published in the next issue of the Kentuckian.

For U. S. Senator—J. C. W. BECKHAM, of Nelson.

TIME TO STOP.

No good citizen will endorse the outbreak of anarchy at Princeton. If Association members were responsible, they have hit upon a sure way to kill their own organization. If they were not responsible, it is up to the local leaders at Princeton to co-operate with the civil authorities in apprehending and punishing the criminals. Any citizen who has knowledge of the identity of these night-riders and does not aid in arresting them, becomes an effect, an accessory after the fact and his guilty knowledge concealed puts him on a level with the firebugs themselves. It is indeed strange that the civil authorities of Caldwell county allowed themselves to be terrorized by an armed rabble, without a show of protest. It is said that the trouble was expected and the civil authorities had at least an hour's notice that the mob was coming. This is borne out by the fact that the victims of the marauders made a feeble attempt to guard their property, which was about the only attempt that was made by any one.

This species of lawlessness has now become so common that it has broken out in half a dozen counties within the present year and still no one has been punished. The time has come to enforce a respect for the law. The time has come to stop incendiary talk and to give the persons of both sides in the tobacco trouble to understand that all law-breakers look alike and that this sort of lawlessness must be stopped in law-abiding communities. The civil authorities have the authority and should exercise all the power necessary to cope with organized bands of incendiaries. One remedy for such lawlessness that usually has a salutary effect is cold lead. If some brave officer in Caldwell had shot down at least one of the mob, the public would at least know from the beginning that the side was responsible for the terror or terror in our adjoining counties.

Joseph F. Smith, president of the Mormon church, appeared in the district court at Salt Lake, before Judge Ritchie, pleaded guilty to a charge of unlawful cohabitation, and a fine of \$300 was imposed. The charge under which the Mormon prophet was arrested and fined was based on the recent birth of President Smith's forty-third child, born to his fifth wife.

Five men were lost in a fire which destroyed a Salvation Army hotel in New York Sunday. About thirty-five men were injured, some of them possibly fatally.

William Howe, a centenarian and the oldest Baptist clergyman in the world, died at his home in Cambridge, Mass., Thursday.

It Cannot Be Cured
with the best of the blood, or constitutional disease, and in order to cure it you must use internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous membranes. Hall's Catarrh Cure is a quick medicine. It is by one of the best physicians in this country for years and is a prescription. It is the best tonic known, contains the best blood purifiers, and the perfect combination of ingredients is what produces wonderful results in curing. Send for testimonials, free. J. C. HENNEY & Co., Toledo, O., all druggists, 75c.

Hall's Family Pills for constipation.

J. M. Koch, a Cincinnati drummer who dropped into Nashville and passed himself off as Richard Harding Davis, and had the time of his life at the University club, was fined \$50.

John McMeolan, who left Murray some few months ago to accept the editorial management of the Oblion Enterprise, has leased that property and now has its sole management.

One of the unfortunate results of the late election in Illinois was the defeat of Mr. Pietrokevich for state treasurer. A man who can take care of a name like that would surely be able to keep a few million dollars of taxes safe.

Lee Turner, of "Quarter House" fame, in whose "blind tiger" saloon twenty-three women have been killed, has quit the liquor business and is making speeches in Bell county on behalf of temperance in the fight against saloons in that county.

There are 1100 Mormons in Kentucky and 1500 in Tennessee. It will be seen that Tennessee has an extra 400.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was most important consideration. Willis T. Morgan, retired Commissary Sargent U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchitis, troubles and all lung diseases." Guaranteed at R. C. Hardwick drug, 25c. Price 50c and \$1.00. Trial bottle free.

CHRISTMAS SHOP.

Many Ladies Will Take Part in The Bazar at Moayon's Hall.

Everything is in the readiness for the Christmas Shop at Moayon's Hall tomorrow. The following ladies will be on duty at the U. D. C. booth on the days named. Those on duty for the day will report at 9 o'clock and those in the evening at 7 o'clock.

WEDNESDAY.

Mrs. A. J. Casey, Mrs. N. B. Edmunds, Mrs. Albert Clark, Mrs. M. B. King, Misses Carrie Green, Annie Fruit and Clara Braden.

Night: Mrs. J. K. Hooser, Misses Lalla Dennis, Maud Nuckols, Mary Reid and Martha Ellis Soyars.

THURSDAY.

Misses P. P. Huffman, Elmo Trahern, J. E. Bell, Misses Mary Ann Campbell, Lucy Tribble and May Ware.

Night: Misses T. R. Troendle, Green Henry Russell, Misses Sue Rivers, Mary Rodgers and Fannie Bell Bronaugh.

FRIDAY.

Misses J. J. Metcalfe, L. L. Leavell, J. P. Nuckols, Edna Perry.

Night: Mrs. Hunter Wood, Jr., Misses Jean McKee, Bettie Leo Smith, Joy Herndon, Ermine Van Cleve.

SATURDAY.

Misses Green H. Russell, R. H. Boyd, Richard Leavell, Alex J. Warfield.

Night: Mrs. A. J. Casey, Misses Mary Reid, Martha Ellis Soyars and Ermine VanCleve.

The booths for the Christmas Shop Dec. 5 to 8 have been donated to and the ladies in charge are expecting the shop to be a great success.

The booths are handsomely constructed, beautifully decorated and artistically displayed in Moayon's Hall. There are four of them under the management of ladies of as many different organizations.

Delightful lunches will be served every day and every night from the Methodist and Episcopal booths. This is a worthy cause to lend a helping hand.

A per centage of all the proceeds will go to swell the Confederate Foundation Fund and all of the proceeds of the U. D. C. booth.

Improving Rapidly.

Miss Sarah Rogers, who has been in a sanitarium at Evansville, is rapidly improving and she and her mother expect to return to the city the latter part of this week. Miss Rogers' sight is now fully restored.

Bile Poison

has a very bad effect on your system. It disorders your stomach and digestive apparatus, sours your blood and causes constipation, with all its fearful ills.

Thedford's Black-Draught

is a bland tonic, liver regulator, and blood purifier.

It gets rid of the poisons caused by over-supply of bile, and quickly cures bilious headaches, dizziness, loss of appetite, nausea, indigestion, constipation, malaria, chills and fever, jaundice, nervousness, irritability, melancholia, and all ailments due to disordered liver. It is not a cathartic, but a gentle, herbal, liver medicine, which causes without irritating.

Price 25c at all Druggists.

NEW OFFICERS

Elected By D. A. R. Chapter Saturday.

At the regular monthly meeting held Saturday, the John Green chapter, D. A. R., elected the following new officers:

Mrs. John R. Green, Regent.
Mrs. M. B. King, 1st Vice-Regent.
Mrs. W. S. Davison, Secretary.
Mrs. J. J. Henry, Corresponding secretary.
Miss Nannie Starling, Treasurer.
Mrs. F. M. Quarles, Chaplain.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by R. C. Hardwick, druggist, Price 25c.

Two Appointments.

Roy Crutcher has been appointed regular, and Luther P. Coke, substitute rural carrier for Route No. 4, at Guthrie.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

AMUSEMENTS

Philomen, the world's greatest wizard, opened a three night's engagement at Holland's Opera House last night and he was greeted by a good house. He has a car load of mechanical and weird effects, to say nothing of the newest, greatest and only moving picture machine that has no flicker. The figures laugh and talk and the audience was held spellbound throughout the performance. There is but one Philomen. He has marveled all England, Scotland, Wales, Germany and Austria. He has thrilled countless millions. He has exposed all spiritualists. He answers all questions. Part of the world think him super human, others say how. His magnificent stage settings are creations of art and beauty. You laugh you cry, you wonder, 5,000 feet of living life motion picture machines that move, talk and never flicker, with a host of strong vaudeville specialties, and a world of novelties, all for 10, 20 and 30 cents. He must be seen to be appreciated.

Complete change of program every performance.

"My Dixie Girl."

"My Dixie Girl," a play of the South, which will be the attraction at Holland's Opera House, Thursday, Dec. 6, tells the story of a dashing, hoydenish young lady, whose merry jest and vivacious manner, is the life of her father's plantation. The play is full of action, love and adventure and contains a comedy element that is irresistible. It might be termed a comedy-drama with a tinge of the melodramatic. The scenes are laid among the hills and valleys of Kentucky and introduces the audience to representative scenes in and around the home of Col. Dangerfield, a rich planter and a cabin in the hills, inhabited by a band of moonshiners. The company presenting the play is said to be an excellent one.

Near Cadiz.

Presiding Elder J. W. Lewis returned from Cadiz yesterday and reports a great revival at the Oakland church five or six miles from Cadiz. Rev. B. L. Yates is pastor of the Oakland church and, though having some assistance from other pastors, has done most of the preaching. Saturday morning Dr. Lewis baptized 23 new members, ranging from 10 to 20 years of age.

The Weather.

For Kentucky—Partly cloudy and moderate temperature Tuesday.

Opera House

Thursday Night,

Suiting the Hard to Suit Men!

The harder a man is to please with clothes, the harder he is to fit, the more fastidious he is as regards style and detail in general, the more anxious we are to have him come here for his Fall and Winter Suit. We want the hard-to-suit man to come here with all his notions and ideas. We believe we have an agreeable surprise in store for him.

The price range on our Suits runs something like this:

\$5.00 to \$25.00!

You'll note that these prices are about half what the custom tailor asks you, and he could not give you a better Suit if he tried, and tried, and tried.

E. J. Snoddy
ONE PRICE STORE

HOG CHOLERA

The Problem of a Cure is Now Solved.

The much dreaded disease, hog cholera, has lost its terror to those who are posted on modern methods of treating the disease. It is now a curable disease. Any practical farmer who will follow the instructions given by the manufacturers can stop the worst outbreak of disease that ever came and save almost every hog able to take the treatment and restore the herd to thrift in a few days time.

The Snoddy Remedy, manufactured by The Dr. J. H. Snoddy Remedy Co., of Alton, Ill., has been used in this country and has proven itself a positive cure for the much dreaded disease. It is now on sale in Hopkinsville, by the Planters Hardware Co., Inc., who will furnish any farmer or hog raiser one of Snoddy's books on hog cholera, free of charge, who will call at their store for it. Full directions for curing hog cholera is fully explained in this little booklet. Every farmer should have one. They are free, and it is hoped that the people will study up on this new method of treating the disease so they can feel safe from the disease when raising hogs and also so they will understand how to keep the cholera out of this country. The remedy is also on sale by E. W. Stegar & Dickson, down at Masonville, who will also furnish the farmer a copy of Snoddy's book on hog cholera, who will call there for it.

This remedy is the greatest worm remedy and thrift producer for hogs there is on the market. The extra gain they will make from its effect will return the farmer an average of \$5 in this extra gain for every dollar's worth of the medicine he uses properly and right. Hence the remedy is not an expense to a farmer but is a profitable investment, and one that pays a greater profit than anything else on the farm the same amount of money can be invested into.

The remedy is certainly an action ten times as fast as any other possible for a cholera germ. It is the only kind to live in a hog while that hog is under the influence of this remedy. The remedy will destroy every worm or germ of this kind and the hog will get well in a short while and be as thrifty as he ever was. There are many imitations of this remedy being put on the market. Let everyone be careful that they do not buy an imitation of the goods. The public will know the genuine Snoddy Remedy by its having Dr. Snoddy's picture on every label. If

a medicine for hog cholera is offered you that is claimed to be the Snoddy Remedy and does not have Dr. Snoddy's picture on the label, refuse it, because none are genuine without this picture. Dr. J. H. Snoddy is the original discoverer of the remedy and the Dr. J. H. Snoddy Remedy Co., uses his picture as a trademark. For further particulars call on the Planters Hardware Co., Incorporated, Hopkinsville, or E. W. Stegar & Dickson, at Masonville, Ky. The remedy is manufactured by Dr. J. H. Snoddy Remedy Co., Alton, Ill.

Hog Killing Time!

You will need one of my steel scalding tubs.

BOTH PHONES.

Concrete Walks.

Concrete sidewalks are becoming more popular every day and many old brick walks are being torn up and supplemented by concrete. There are different parts of the city. The concrete walk on East Ninth street from the Western Union Telegraph office to Virginia street has been completed and is a great improvement over the old uneven brick, after a service of half a century or more.

WANT LIGHT.

A General Inquiry as to
When It Will Show Up.

More or Less Resort to Lan-
terns of Former Years.

During the first week after the flood the arc lights were not needed, but now, especially when cloudy, it is almost impossible for pedestrians to get about at night except on business streets. People are continually asking: "When will the arc lights be turned on?"

An inquiry at the office of the City Light Co. yesterday elicited nothing definite. Mr. Marshall, the manager, is spending all of his time at the plant trying to bring light out of the darkness that has prevailed since the inundation on the 20th of November.

The public is assured that the Light Co. is a little more anxious to have the streets lighted than anybody else, as it is losing money every day by having its machinery put out of service by the flood. So far everything possible has been done to turn on street lights, but from what we have heard, there is trouble somewhere that has not been located.

Everybody had just to wait patiently and not raise a kick, as the Light Co. is doing all it can to furnish light as soon as it can be done.

People are beginning to learn the true value of electricity as an illuminator now, and at night "it looks like old times" to see people carrying lanterns, as they did forty years ago before gas was introduced here. They will be repaid for their patience as the Light Co., in its contract with the city at the last meeting of the city council, will install a much better system than has been in use since the city fathers discarded gas and adopted electricity. So be patient and wait a while longer. The present trouble can't be remedied in a day.

Deadly Serpent Bites.

As common in India as our stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restorative medicine, of which S. A. Brown, of Bennettville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Guaranteed at R. C. Hardwick's drugstore price 50c.

AVOID ALUM

AN UNSEEN DANGER IN FOOD

TO GUARD SHIPS against the unseen dangers at sea, the United States Government maintains lighthouses.

To guard your home against the unseen dangers of food products, the Government has enacted a pure food law. The law compels the manufacturers of baking powder to print the ingredients on the label of each can.

The Government has made the label your protection—so that you can avoid alum—read it carefully, if it does not say pure cream of tartar hand it back and

Say plainly—

ROYAL BAKING POWDER

ROYAL is a pure, cream of tartar baking powder—a pure product of grapes—adds the digestion—adds to the healthfulness of food.

HOME PHONE.

Nearly All In Operation
Again.

After working day and night and Sundays since the flood of two weeks ago to-day, nearly all the 'phones of the Home Telephone Co. were in operation yesterday. It is expected that the entire service will be O. K. by tomorrow or next day.

Death From Lockjaw.

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures cuts, Wounds, Burns and Sores. 25c. at R. C. Hardwick's drug store.

Moving In.

Dr. J. W. Lewis, who has leased Dr. Sargent's residence on South Main, began moving yesterday.

Terry Coal and Coke Co., Railroad Mines.

These mines are situated one mile North of Empire Mines at the foot of the hill, near the Hopkinsville big road, and within one half mile of the L. & N. R. R., in Christian county, Kentucky, with a slope entry made and opened into the coal, where it ranges from 4 to 5 feet in thickness, has a perfect roof of gray slate over it to 25 feet, and the coal easily and cheaply mined, and hauled out of the mines.

This is the finest and most valuable vein of coal ever discovered in Western Kentucky, and coal experts and large consumers from Nashville, Louisville, Memphis, St. Louis and Chicago, have already been on the grounds, inspected and tested the coal, and have made offers at high prices for the entire out-put of the mine for all the coal we can produce.

We are driving the main entry day and night, and will soon be ready to load several cars of coal per day.

The survey for our R. R. spur track has been made, and the cost of same estimated. Contractors are ready to build the road on short notice.

A small block of our Treasury Stock at 50 cents per share remains unsold, and has been held back until now, to be offered to our present stockholders who wish to own more stock, together with others of this county who may now want to come in with us and round up the subscription, and in this way hold this stock inside of the county for consumers of coal. Our general salesman, Mr. P. P. Huffman, will see all the stockholders he can find, together with any other citizen that may want an interest with us, and give you the opportunity of taking more stock if you want it. If you fail to see him, or he fails to find you, don't wait, but come to our office and leave your order for the stock, or if you prefer it, enclose it to us by mail.

This offer remains open until the 15th of December, 1906. After that date we will close out the remainder if any left, to those who are standing ready to take all of it in one block, if they could get it.

This is positively the last offer we will ever make to consumers of coal to get into this company on a 50-cent basis. After this block of stock is taken, the price will advance to \$1.00 per share.

Stockholders

Will be supplied with coal for wagon purposes if they will call at the office of this Company and pay for the coal and get an order for same, to be delivered to them at the mines. No coal will be sold to stockholders without an order, only at regular prices.

Yours Very Respectfully,
TERRY COAL & COKE COMPANY, Incorporated,
Hopkinsville, Ky.
Up Stairs Dalton Bldg. Cor. 7th & Virginia Streets.

A CARD.

To Members of the Tobacco Association:

Do not let the present efforts of the Trust Buyers, together with the assistance of the disgruntled former employees of the Organization, worry or demoralize you just now.

With untold millions at their back they are now at the opening of another season, making a last fight to break your ranks.

For two years now we have forced them to buy our tobacco and pay prices. We have established the fact that we can, by organization and pooling, price our own tobacco.

We have been handicapped all the time by the fact that there has been too much outside tobacco to put prices any higher.

Our sales in 1905 will amount to 35,000 hds. Our sales for 1907 will be 45,000 hds. A phenomenal increase in one year and also in two years. Prices have been doubled. Some individuals may feel that they have not done so well, but all must agree on the general good, all agree that it is hard that the outsider has profited by the Organization.

We have all of the buyers (without an exception) buying from us—when at first they said they NEVER WOULD, showing that they were OBLIGED to. They admit that our pricing and inspection is the best they ever had, and some could say that they preferred it.

Tobacco is now in a stronger position than I ever knew it. There are virtually no stocks in home and foreign markets. The present, or new crop, is smaller than last year. It is really not sufficient for the legitimate wants of the coming season. Tobacco will be comparatively higher than we have seen it for years. The scarcity of labor precludes the possibility of another large crop, no matter how high prices may go.

The English Tariff being reduced has prompted all the stemmers that have been closed for years to reopen. Every factory will be worked to fullest capacity. The trusts and all other trades bought sparingly for the last two years at the advanced prices. They are all short, and no takeovers.

Prices are opening up fine, but not full enough. Make the prices higher. Buy when you have a chance. We are going to wait until you get them high enough. Then we'll fix our schedule high enough to pay all expenses and tip you. You shall never have a chance again to make your prices higher than ours, as you love to report.

We will concede all the outside tobacco to the loan buyer, together with all the organization tobacco they can bribe, and they they will have to buy ours and pay our prices. They cannot do without it.

Your executive committee are now fully alive to the situation. You may rest assured that then will put prices up for you. In the mean-

time put your tobacco in good condition, handle it neatly, tie in small hands possible, with a strip. Deliver it to your prizer in safe pricing order and don't crowd it upon him. Tobacco that has to be rehung never looks well again. Sort your tobacco as you strip it. Don't leave it to the prizer. He cannot afford to untie and retie at the price you give him. Help the prizer by doing your part of it. He will help you.

Unless you take an interest in your own crop you cannot expect good prices. You have no right to abuse the prizers, graders, inspectors and salesmen as you do. They cannot make your tobacco good. You can. A poor crop can be made to look good by proper handling. A good crop sell poorly on account of no care.

We can give this Organization a reputation for good honest dealing that will always insure good prices. Let us all work for this and we will see no more low prices. It is just as easy for this Organization to make such a reputation as some good individuals who always sell above their neighbors. Stand firm now and I promise it will pay you.

P. S. Since writing the above card I learn of the trouble at Princeton. I am heartily ashamed of such citizenship. I cannot yet believe that the organized members of this Organization are responsible for it. When I am convinced of it I will join the Association; and immediately make every effort to find out, and punish the marauders. Our Association can only live by honest fair dealing. Unless we merit the confidence of the trade, and all

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys.

If it stands your line it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you cannot have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, without cost, by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

classes of people, we must fall and deserve to.

I know that at every meeting of the executive committee stringent resolutions have been passed deprecating all manner of violence. Mr. Ewing, by circulars and in his addresses, advised against all violence. We will have to know to think any of this Organization participated in this outrage before we can take action as an Organization.

I want to say in this communication that while the managers of this trust, have as far as I know, acted in a very conservative manner, I also know that most of them have informed their employees not to interfere or try to buy any Organization tobacco. But I do know that this talk of some of their men, the barn climbers, has had this effect to work up and incense our people. I hear of it every day. They also have men it would be well enough to check.

Very truly yours,
C. F. JARRETT.

REMOVING WRECK.

Garnett Building is Being
Razed by Contractor.

Mr. Joe F. Garnett has let the contract for tearing down the walls of his flood-wrecked building to Jack Blumenthal, who has a force of men tearing down the rear walls.

The walls still standing are in no immediate danger, though a danger line has been established and the public is kept away from the wreck.

Goos to Paducah.

Mr. James W. Yancey has rented his hotel on West 7th street to Sheriff Dave Smith. Mr. and Mrs. Yancey will make their future home in Paducah. Mrs. Yancey went down last week and Mr. Yancey will go as soon as he can arrange his business matters here, probably the last of the week. Mr. Yancey has a host of friends here who will regret to learn of his leaving us.

A Well Known Remedy.

One of the oldest, safest and most favorably known remedies in the world to-day is Brandereth's Pills—a blood purifier and laxative. Being purely vegetable they can be used by old or young with perfect safety and while other remedies require increased doses and finally cease acting altogether, with Brandereth's Pills the same dose no matter how long they are taken. One or two pills taken each night for a while is the best thing known for any one troubled with constipation, indigestion, dyspepsia or any trouble arising from an impure state of the blood.

Brandereth's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

Total Stock on Hand	403	269

Dividend No. 8.

At a meeting of the board of directors of the Acme Mills and Elevator company held this date at its office a semi-annual dividend of 4 per cent was declared on the common stock out of the net earnings for the six months ending Nov. 30, 1906, and it was ordered that this dividend be made payable at its office in Hopkinsville, Ky., on Jan. 1, 1907.

J. B. Galbreath, Sec.-Treas.
Dec. 1, 1906.

Notice.

There will be a regular meeting of the local camp WOODMEN OF THE WORLD to-night (Tuesday) and also annual election of officers for ensuing year. All members please be on hand promptly at 7 o'clock.

W. E. WILLIAMSON, C. C.
A. H. TUNKS, Sec'y.

Spelling Match.

There will be a spelling match at Church Hill Grange hall Friday night, Dec. 7. Miss Shanklin's school will spell against the public. Everybody invited.

TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over
Whole Body—Scratched Until
Bled—Worse at Night, With
Soreness and Excruciating Pains
—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the tortures of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Remedy. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and am now ready to recommend the Cuticura Remedies to any one who suffers as did our obedient servant, Mrs. Mary Motager, Sweetwater, Ohio, June 29, 1905."

TORTURING, DISFIGURING Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head—all demand a remedy of almost supernatural virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such standards proven beyond all doubt.

GOVERNMENT WAGES LOW.

H. T. Newcomb Gives Facts of Inter-
est to Wage Earners.

From 1880 to 1904 the average retail cost of the ordinary articles of food used in the United States advanced no less than 17 per cent (10.00, to be more exact)—that is, the purchaser of food for a family had to pay \$11.17 in 1904 for the same quantity and quality of food that \$1 would purchase in 1880. These are official statistics compiled by the highly skilled experts employed by the federal government, and every housewife knows that they do not overstate the advance. Other necessities of life have advanced in cost with approximately equal rapidity.

Unquestionably wages ought, generally speaking, to have advanced somewhat in proportion to the increase in the cost of living. In private employment this has apparently taken place, the average wages per hour reported by the federal bureau of labor being 17.30 per cent higher in 1904 than in 1880 and the average weekly earnings 12.70 per cent higher. The advances thus represented are spread all over the country; they characterize every private industrial enterprise and have benefited all classes of workmen employed in private undertakings.

How is it with public employment? A few undertakings conducted under public ownership employ labor like that similarly serving private employers in the same communities, and in these cases the public rate of wages has slowly been advanced somewhat in proportion to the advance in the wages privately paid. But where any American government, municipal, state or national, is the sole or by far the largest employer of a particular class of labor the advances to meet increased cost of living have been so far that the ordinary investigator will be unable to discover a single instance.

Throughout the postal service, among the 25,000 clerical employees at Washington, in the customs and internal revenue services there have been no advances in pay to meet the rise in cost of food, clothing and shelter. The pay of letter carriers, for example, remains precisely where it was fixed twenty years ago by an act approved on Jan. 3, 1887.

The largest printing office in the world is that maintained at Washington by the government, and there the federal government employs a large force of intelligent and highly skilled workmen. A change in the basis of payment in 1880 from the piece work to the per hour system prevents comparisons with dates prior to the change, but wages have remained stationary since March 3, 1880, although the official statistics report that the cost of food, clothing and shelter, the rate of wages was fixed by statute fully 12.25 per cent. During the same years the wages of printers in private book publishing or job printing establishments advanced throughout the United States as follows: Compositors, male, 14.67 per cent; compositors, female, 20.30 per cent; press feeders, male, 22.41 per cent; press feeders, female, 21.27 per cent; pressmen, 11.75 per cent.—H. T. Newcomb.

DO YOU OWN A HORSE?

Electric Light Plants Are Like Horses
In Some Respects.

The subject of depreciation is well worthy of the careful consideration of those who are prone to ignore that item in estimating the cost of lights supplied by municipal plants. But as more people own horses than lighting plants it may be helpful to consider depreciation as applied to horses.

You pay \$250 for a five-year-old horse. That's original cost. If you borrow the money you must pay interest on it. If you don't borrow it you lose the interest you would get if you didn't buy the horse. Either way it's interest. You feed the horse, and perhaps hire a man to take care of him. That's operating expenses. You get him shod occasionally and call in the veterinarian when he is sick. That's renewals and repairs. After a few years, in spite of the best of care, the horse is no longer capable of doing the required work and is sold for \$50, a loss of \$200 as compared with the original cost. That's depreciation. If you haven't laid that by year by year out of the horse's earnings, you've got to borrow it to buy a new horse, and you may not find it easy to do so if you haven't repaid the original loan. That's what happens to municipal plants that don't provide an adequate depreciation fund.

Making Peter Pay For Paul.

Whether a public utility be administered by the government itself or by a private corporation, we hold that every person who uses it should be held to pay the cost of the service which he receives and that no man should be compelled by taxation or otherwise to bear any part of his neighbor's expenses for light and power, for telephone service or for transportation of himself or of his goods.

Every proposal that a municipality assume operation of all public utilities and reduce rates to persons using them, regardless of what the service may actually cost, is an attempt to force some men to bear the expenses of others, because where the outlay for operation exceeds earnings the deficit must be made up by taxation, and this we denounce as socialistic and therefore hostile to justice and subversive of democratic government.—Bourke Cockran.

Senator Sorghum in Doubt.

"Do you think that municipal ownership will eliminate graft?"
"I am not quite sure," answered Senator Sorghum, "whether it will eliminate it or simply originate a new kind."
—Washington Star.

Mrs. Evelyn Brown Rodman has been granted a divorce from her husband, John M. Rodman, in the Louisville courts. Mrs. Rodman is a daughter of the late Governor John Young Brown.

TABERNACLE COURSE.

Damaged By Flood, Repaired and all Things Ready.

People generally will be glad to learn that the damage to Union Tabernacle by the flood has been repaired and a general renovation of the building been made and the course of entertainments made by Manager McPherson will in no way be interfered with.

The first number of the course will be filled by the poet-humorist, Edmund Vance Cook on the night of December 12.

When a man of Bill Nye's caliber endorses Mr. Cook no one need be afraid of not getting his money's worth when he goes to hear him. The following is what Mr. Nye said of Mr. Cook ten years ago:

"Though circumstances have cast my lot in the suburbs of poetry and in what Mr. Aldrich has happily described as the 'peanuts of literature,' I often come to the fence which separates me from the pasture where Pegasus wallows in the daisies of rhyme and watch him—or her—as the case may be, with much genuine joy.

None of the younger poets and few of the older ones have touched my tough old heart and made me a better man as Mr. Cooke, of Cleveland has done.

Let us enjoy such men while they live and let them know it, rather than save our money for woven-wire-wreaths of immortelles for their cold and irresponsive clay."

BILL NYE.

EIGHT ARRESTS.

Pretty Good Start For A Record Breaker.

The slate in the office of Chief of Police Roper showed yesterday that eight arrests had been made up to yesterday morning.

One of them was made on the charge of grand larceny, but the evidence did not sustain the charge and the case was dismissed. Three persons were arrested for using profane language and four for drunkenness.

All of the parties arrested were negroes except one. As the eight arrests bore date of December 1st, the police have made a pretty good start for a record breaker, and as December is an exceptional month for loose drinkers the officers are quite liable to be kept on a move pretty much until the end of the year.

Grain Market.

The Texas Wonder.

Cures all Kidney, Bladder and Rheumatism troubles; sold by all druggists, or two month's treatment by mail for \$1. Dr. E. W. Hall, 2226 Olive street, St. Louis, Mo. Send for Kentucky testimonials. Sold by R. C. Hardwick.

R. T. Stowe, Jr., who spent several days with his parents, near Newstead, returned to Russellville yesterday, where he is attending Bethel College.

Parties desiring to see Dr. Sargent can find him at Harris' boarding house or at Dr. Reynolds' office.

PERSONAL GOSSIP.

Miss Florence Tibbs left yesterday for a visit to friends in Memphis.

Miss Julia DeTreville is visiting Miss McKinney, in Cadiz.

Attorney Denny P. Smith, of Cadiz, spent Sunday in the city.

Miss Louise Jones, who is attending school in Nashville, spent Sunday at home.

Miss Jean Goldthwaite visited friends in Paducah last week, but is at home again.

Mr. W. A. McKenzie, of Oak Grove, was here Thursday, the guest of friends.

Mrs. F. C. Gephart has returned from a visit to friends in Clarksville.

Mrs. Willie Weeks is in Paducah, where she went last Thursday to attend the burial of her father-in-law, Mr. Wm. Weeks.

Miss Mary Forgarte, who went to Clarksville to visit friends on Thanksgiving day, is expected home to-day.

Mr. R. M. Gilliland, of Wheeling, West Va., has been in the city and county several days visiting friends.

Miss Ruth Baynham arrived here last night from Providence and will enter school. She will board with her sister, Mrs. J. T. Hill, on South Virginia street.

Mr. John T. Hill has moved to the city from Oak Grove and is located on South Virginia street. Mr. Hill has accepted a position with C. R. Clark & Co.

Attorney M. H. Meeks and Mr. J. W. Bamsler, of Nashville, spent Sunday in the city, the guests of Rev. H. D. Smith.

Mrs. Wm. Turner, of Clarksville, who had been visiting Mrs. B. W. Harned on South Walnut street, has returned home.

Mrs. R. B. Holden, of Chicago, has joined her husband here, who is conducting the music at the Baptist revival.

Mr. H. C. McGehee, of Gracely, returned last week from a visit to his mother, at Portsmouth, Va. The latter is ill of Bright's disease and very little hope of her recovery is entertained.

Mr. Chas. G. McDaniel and family, of Louisville, arrived Sunday on a visit to relatives here. Mrs. McDaniel and children will remain here some time, but Mr. McDaniel returned to Louisville yesterday.

Mr. J. C. Ulrich and little daughter, of Denver, Colorado, were at Hotel Latham Sunday. Mr. Ulrich is a son of Prof. Ulrich, who taught school in this county fifty years ago.

Mr. J. Met Anderson, of Herndon, will remove his family to the city in a few days and will occupy a cottage on South High street. Mr. Anderson is Democratic committeeman in the Bennettsville district. He will put up tobacco for the Association in the factory at the corner of 15th street and Canton pike.

Rev. H. C. McGill, late pastor of Olivet church, Howell, passed through the city yesterday enroute to Providence, Ky., where he has accepted the pastorate of the Baptist church at that place. Rev. McGill's family, consisting of his wife, who was formerly Miss Thursa Lowry, daughter of Col. S. J. Lowry, of Garrettsburg, and a little daughter will join him in Providence in a week or ten days.
